BPUT Grievance Redressal Policy

1. Scope

This policy covers all student complaints relating to academic matters, hostel facilities, mess quality, administrative services, and interpersonal issues.

2. Complaint Categories and Routing

Facility complaints (electrical, plumbing, civil, wifi): routed to the Maintenance Department. Mess or food-related: routed to the Mess Committee. Academic grievances: routed to the HOD. Fee or accounts issues: routed to the AO. Behavioral complaints: routed to the Dean of Student Welfare. Any complaint involving safety (fire, electrical shock, structural): routed simultaneously to Warden, Chief Warden, and Principal.

3. Resolution Timelines

Standard SLA: Fresh complaints 48 hours to first action, 7 days to resolution. Escalation: if no action in 48 hours, automatic escalation to HOD. If no resolution in 7 days, escalation to Dean.

4. Reopening

If a student is not satisfied with the resolution, the complaint can be reopened once. Reopened complaints are treated with higher priority and automatically reviewed by a senior authority.

5. Recurring Issues

If 3 or more complaints of the same category are received for the same location or department within 14 days, the system flags it as a recurring issue and alerts the HOD and Dean.

6. Anonymous Complaints

Students may submit complaints anonymously, but only for safety and behavioral categories. Anonymous complaints are still acted upon and tracked.
